

LANDSCAPE COMMITTEE REPORT
April 20, 2018

The Landscape committee is happy to report that three projects have won Board approval and are moving forward:

- Replacement of missing bushes with azaleas and other types in various areas and four dead trees that were removed last year
- Work to stop erosion on the path on "Poop Hill"
- The next phase of tree pruning and dead tree removal

A Spring Spruce-Up Day is being planned for May for all those who enjoy getting out there and working with plants.

The Landscape committee is also looking for additional members. Please e-mail Cheri at ceah53@aol.com if you want to find out more.
