

Shearwater Pool Committee Report, May 2015

Shearwater Pool Season 2015 is here at last! We look forward to some special events this summer, so check your mailbox bulletin boards often for the latest schedule and information. The first party is this opening weekend, the Memorial Day Festival on Monday, and I hope many can attend!

We have just a few changes in our sign-in procedures, in an effort to always serve our residents better! Procedure is outlined in the front of the Sign-In Book, and if you have any questions, please contact me, Tina Ligon, at ligontina@gmail.com.

You might notice that the pool bathrooms are still in need of a facelift. Well, this is the year!! The Pool Committee will be at work this summer to design an attractive and functional renovation to our facilities. We will keep you posted!

Thanks to my Pool Committee members for helping to get the pool ready for opening! Pam Mantica for over-seeing the City Health Dept. inspection and cleaning, Lois McGovern - our resident First Aid Kit Specialist, and to Deborah Birch for the lovely plants! I look forward to seeing many residents with their families and guests come to use the Shearwater Pool!

Tina Ligon, Shearwater Pool Committee Chair
