

Shearwater Pool Committee Report
26 September 2017

Farewell to a great pool season! We had hot weather, great attendance, fantastic parties! Thanks to Christina Maksimova, our wonderful lifeguard from Bulgaria! She really set the bar high with her excellent care of our pool, her attention to safety for our residents and their guests of all ages, and her persistence in keeping the pool and facility clean. We will miss her a bunch, but hope she has a good year back in school!

The pool cover is now in place, but the pool deck is still available for sunning, grilling, and small gatherings as weather allows. If you are interested in access to the pool deck, please contact me, Tina Ligon, up until about October 15. At that time all of the deck furniture will be put away for the winter. The bathrooms will remain open and available to the community as well as boat guests until about November 1. When the plumbing gets winterized, the doors will be locked and closed signs will be posted on the doors.

The Pool Committee members have been busy helping with season opening duties, party set-ups, grill tending, sign posting, and closing duties. Thanks to Susan Urbanc, Mike LaFortune, Kathleen and Sharon McInnis for all of your help! Especially to Mike and Kathleen for keeping the final two parties together in my absence - the Labor Day Grill Out and the Pooch Plunge. The photos show the fun times had by all - I was sorry I missed it!

And thanks, especially, to all of our Shearwater residents for coming to enjoy our lovely pool! We look forward to seeing everyone again next year!
